## INTRODUCTION

Welcome to the Innovation, Design, and Entrepreneurship (IDE) Bootcamp hosted by Gandhi Institute For Technology (GIFT) Autonomous, Bhubaneswar. This two-day residential training program is organized by the Ministry of Education's Innovation Cell (MIC) in collaboration with the All India Council for Technical Education (AICTE). This program is designed to ignite the spirit of innovation, foster creative thinking, and instil entrepreneurial skills among school students and teachers.

## Importance of the Event

In today's dynamic world, innovation and entrepreneurship are crucial for success. This event provides a platform for participants to explore their potential, develop critical skills, and embrace the mindset of innovation. Through hands-on workshops and interactive sessions, attendees will discover how to turn their ideas into reality and make a positive impact in their communities.

## Benefits for School Students and Teachers:

- Gain practical knowledge in design thinking, business modelling, and enterprise planning.
- Enhance problem-solving and critical thinking skills.
- Learn from industry experts and successful entrepreneurs.
- Network with like-minded individuals and potential collaborators.
- Empower students to become future leaders and change-makers.
- Equip teachers with innovative teaching methods and strategies.
- Inspire creativity and passion for learning.

## Financial Support:

Accommodation, food, and traveling expenses for all participants will be fully covered by AICTE (All India Council for Technical Education). This includes lodging during the two-day residential training program, meals, and transportation expenses incurred for attending the event.

## Certificate of Participation:

At the end of the event, all participants will receive a Certificate of Participation issued by the Ministry of Education's Innovation Cell (MIC) – AICTE. This certificate serves as a recognition of their dedication and commitment to innovation and entrepreneurship.
