

Success Starts Here: Alumni Stories that Motivate

Rajguru Atmaswarup Acharya
Manager in Safety Management at TRL Krosaki Refractories Ltd.
Alumni of Batch 2012 (EE)

Hi,

I, Rajguru Atmaswarup Acharya, a proud alumnus of the Class of 2012, Electrical Engineering, am currently working at TRL Krosaki Refractories Limited, Jharsuguda as a Manager in Safety Management Department.

The college's exceptional guidance, enriching knowledge, and unparalleled opportunities played a pivotal role in shaping my professional journey. It was a wonderful experience at GIF'T. The faculties at GIF'T target for the overall development of every student, be it curriculum or extra curriculum awareness.

The self-development and placement activities are pretty good and come with training given on how to conduct oneself and face interviews confidently.
